Renting Additional Points

Take Your Vacations Further!

Now your Bluegreen Traveler Plus membership can take your vacations further! Suppose you need additional Bluegreen Vacation Points ("Points") for a larger villa at a Bluegreen resort. Or maybe you want to honeymoon in Paris at a WORLDHOTELS® hotel, but you're a few Points short. You could purchase more Points, but you only need extra Points for this occasion. You could borrow Points from next year, but you've already planned your vacations with all of your Points. What's an owner to do?

You might be out of Points, but you're not out of luck. As a Bluegreen Traveler Plus member, you have the exclusive opportunity to rent additional Points. Points must be rented in increments of 1,000 and are valid to use up to twelve months from the date of rental. At a cost of only \$150 per 1,000 Points, you can afford to extend your vacation or upgrade accommodations! Best of all, you can rent Points as often as necessary, and they are available for use immediately following purchase. There's never been a better time to be a Bluegreen Traveler Plus member.

To arrange to rent Points, call Bluegreen Traveler Plus at 800.459.1597 or visit www.bluegreentravelerplus.com.
